Recommendations

Innovative Professional

"Talented, innovative professional, committed to what he does. I had the pleasure of working with Brynner, who contributed so much to the implementation of the open source project, among several others, at the Attorney General's Office of the State of Ceará."

Alcy managed Brynner directly

An Excellent Leader

"In the time I have worked with Brynner inside ACT and Moderna he has proven to be an excellent leader, he knows how to bring a team together and allow people to grow and work at their best conditions. He has a background in coding and this really makes him stand out, since he knows what the team faces on a daily basis, and what is required for the team to shine."

Daniel reported directly to Brynner

Extensive Knowledge About UX and Front-End Technologies

"Dedicated professional always looking to stay updated with market trends. One of his main traits is having extensive knowledge about UX and Front-End technologies. However, he can be described as a peerless polymath, a great person to have on a team."

Thiago worked with Brynner on the same team

Strong Moral and Serious Creativity

"An interesting person with a strong moral sense and with some serious creativity. He can give the energy that an amazing but hard project needs to shine."

Régis worked with Brynner on the same team
